

CREATE YOUR OWN GNOME OR FAIRY

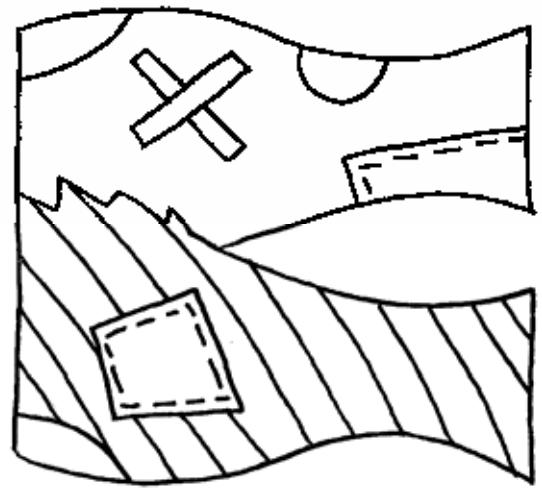

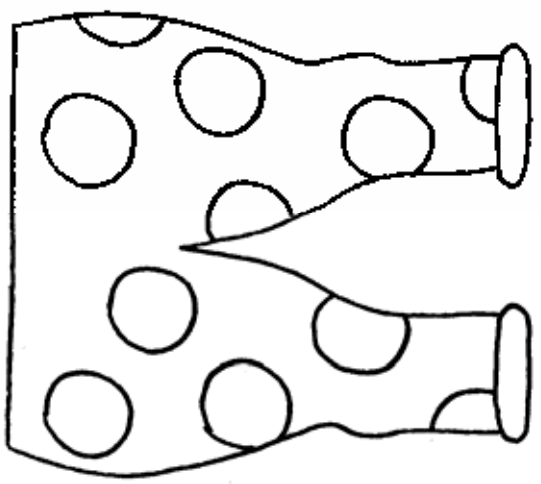

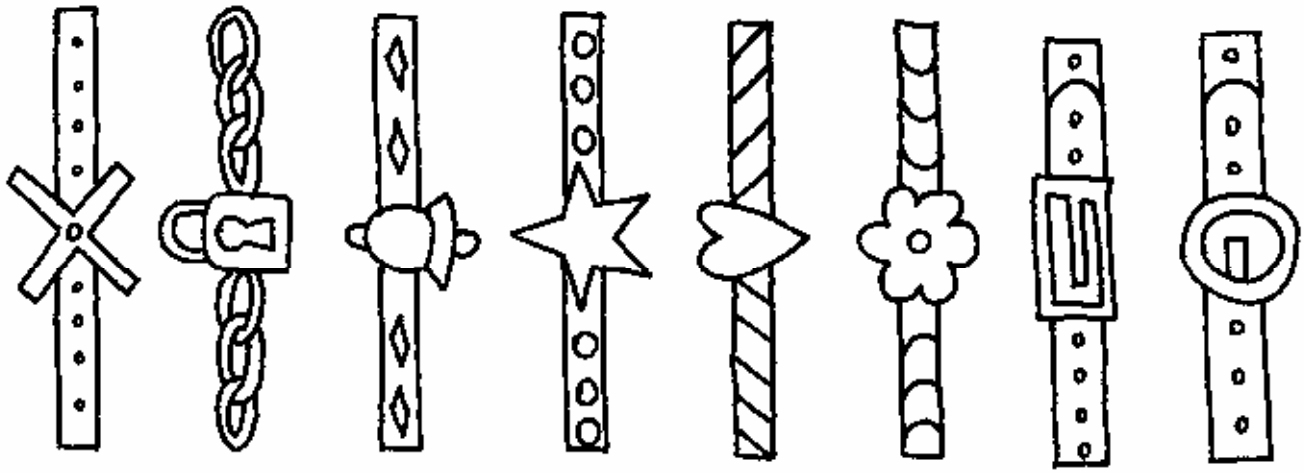

In The Stroogle Warms Winter you will find two Garden Gnomes and a Fairy. You can make your very own Gnome or Fairy or a funny combination like the 'Gnairy' below. Choose the parts from the sheets and cut and paste them together on a blank sheet of paper. Once the glue has dried you can colour your character, give them a name and even write a story about them! (Pages can be expanded to A3 for younger children.)
